

## TECHNICAL DATA SHEET

### *POLY-FEED NPK – 14-14-28+TE*

#### **PRODUCT ANALYSYS**

Total Nitrate (N)	15 %
Phosphoric anhydride (P2O5) soluble in water	15 %
Oxyde de Potassium (K2O) soluble dans l'eau	30%
Aspect	White powder

Product poor in chlorine

#### **Trace Elements**

Boron (B) 0,015% - Copper (Cu) 0.011% - Fer (Fe) 0.09%, - Manganese (Mn) 0.045% - Molybdène (Mo) 0.0016% - Zinc (Zn) 0.013%

#### **PACKAGING:**

- 25 kg Polyethylene heat sealed bag

#### **USES:**

- Can be used in fertigation for open field and greenhouse crops
- Is particularly suited to fulfill vegetable and fruit trees requirements during growth and maturation periods
