

TECHNICAL DATA SHEET

POLY-FEED NPK – 15.30.15+TE

PRODUCT ANALYSIS

Total Nitrate (N)	15 %
Phosphoric anhydride (P2O5) soluble in water	30 %
Oxyde de Potassium (K2O) soluble dans l'eau	15 %
Aspect	White powder

Product poor in chlorine

Trace Elements

Boron (B) 0,015% - Copper (Cu) 0.011% - Fer (Fe) 0.09%, - Manganese (Mn) 0.045% - Molybdène (Mo) 0.0016% - Zinc

(Zn) 0.013%

PACKAGING:

- 25 kg Polyethylene heat sealed bag

USES:

- Can be used in fertigation for open field and greenhouse crops
- Is particularly suited to fulfill vegetable and fruit trees requirements during growth and maturation periods
